**We bring awareness to the community by participating in educational and fundraising events to help find a cure for breast cancer. As a result of our seventeen year commitment, we are having a full day of education. We have targeted groups that provide services to assist on the journey of wellness. This will include Breast Surgeon, Healing Touch Buddies, Yoga Instructor; Premier Wellness, Nutritionist, Chiropractor; Lymphedema Technician; Annie Appleseed Project; and our very own Breast Center from Palms West Hospital.**

**We are privileged to have the opportunity to host a Health and Wellness Event on Saturday November 18<sup>th</sup> from 10:00 AM to 2:PM. at the Original Wellington Mall.**

*We invite a variety of guest speakers to our monthly meetings who present education, laughter, yoga, therapy, and much more.*

*Remember: We are not professionals and have no medical training. We are here to share our stories, our experiences, and our knowledge.*
